(a) Search beyond the initial policies

107 unresolved views → 107 decisions

Same evidence; unchanged target

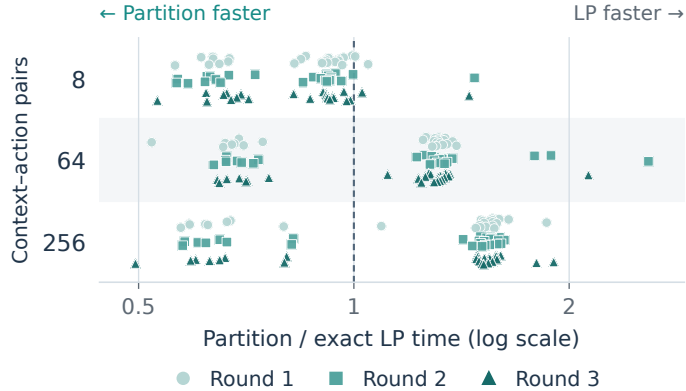
86 views: a different policy meets the target

21 views: no policy can guarantee the target

Original policies: 0 / 107 qualify after exact solve

Incomplete recovery decompositions: 0

Target = worst-case gain > 0.1 percentage points

(b) Cost of a checked answer


78 requests × 3 rounds = 234 paired timings
